

# **GUIDELINES FOR THE ITI ART SALE 2020**

After having to cancel the annual Featherston Art Sale in May, the Featherston Community Centre is thrilled to announce a new show, *ITI*, opening 12-15 November 2020. *ITI* is a new and exciting format where artists are invited to create a series of small new works to exhibit - and everyone will be invited to another cracking community opening night event.

All works will be 200 x 200mm on boards supplied by the Community Centre. The 200 x 200mm size removes the barrier of materials and framing costs for artists and their creations will be a size that is easy for anyone to fall in love with!

Lockdown has helped many of us re-evaluate what is really important to us - *ITI* speaks to this experience of valuing the small things, re-evaluating how we work, and the importance of working together as a community. The 200 x 200mm format invites artists to put their creative stamp on what this looks like to them: To try a new way of working, hone in on what they do best or experiment with something else entirely.
